

**SAFE ROUTES UTAH PROGRAM**  
**SYRACUSE ARTS ACADEMY**  
**HWY 193 NORTH CAMPUS**

357 S. 1550 W.; Syracuse, UT 84075

The Highway 193 North Campus of Syracuse Arts Academy is located at 357 W. 1550 W. in Syracuse. The campus will serve approximately 750 students in grades K-6.

Most students will arrive and depart in carpools or guardian vehicles. Patrons are asked to follow the schools designated Drop Off and Pick Up procedures to ensure student safety and the efficiency of traffic flow through the area.

### **Traffic Controls**

There are various stop, yield, and traffic signals throughout the neighboring subdivisions and access routes. Parents who choose to allow their students to walk or bike to and from school will assume responsibility for all risks involved. Travelers should obey all traffic lights, laws, signs, and signals and cross carefully and legally to enter and exit school grounds.

Traffic lights exist on Highway 193 at 1550 W. In addition to the light by the school, there are traffic lights located at 2000 W. and 700 S.

### **Hazards and Sidewalks**

Parents and students who decide to walk or bike to and from school should follow the safest routes possible using sidewalks or crosswalks to reach nearby residential neighborhoods. Parents who choose to allow their students to walk or bike to school are encouraged to travel these routes with their children to determine the safest route possible.

*The school would recommend sidewalk improvements on the south side of Highway 193 west of the school to connect to the sidewalk along 2000 W. and east of the school to approximately 1000 W.*

### **School Crosswalk**

Currently, there are crosswalks located at the intersection of 2000 W. and 200 S. and 2000 W. and 700 S. There are traffic lights at these intersections to direct traffic flow.

There is a traffic crossing guard prior to and after school on Highway 193 and 1550 W., as well as 1000 W. 650 S., and 1525 W. 700 S.

School crosswalks exist on each road crossing south from the school to 700 S. They also continue north from the school, with a major crosswalk on Highway 193.

### **Walking and Biking Routes**

Students riding their bicycles should stay on the extreme far right of the road, when necessary, allowing vehicle traffic the right of way as much as possible. Where available, students should ride on sidewalks as much as possible.

Below are the current walking and biking routes:

North:

When leaving the school, students living north of Highway 193 should walk north on 1550 W. to Highway 193. Students should then proceed west on Highway 193 using the shoulder and sidewalks to the light intersection then cross north and through the sound barrier to the trail that runs along 200 S. Students should then travel using the paved trail until they reach the road running north to their desired residential street.

South:

When leaving the school, students should travel south along 1550 W. to 1525 W. and if they live in the new housing area, they should take the road to their residence. When the student reaches 700 S. they can use the designated crosswalk and continue south or walk west and cross south at the light at the intersection on 2000 W.

East and West:

East of the school, families can access a paved biking / walking trail. Students can use the trail in coming and leaving the school if they live south of the school. The area west of the school is composed of farmland, but those living within walking distance should travel from the school south on 1500 W. and cross using the crosswalk to enter the subdivision and the student's designated home. Those students who live west of 1550 W. can walk west on 700 S. to 2000 W. to their residential road and go west.

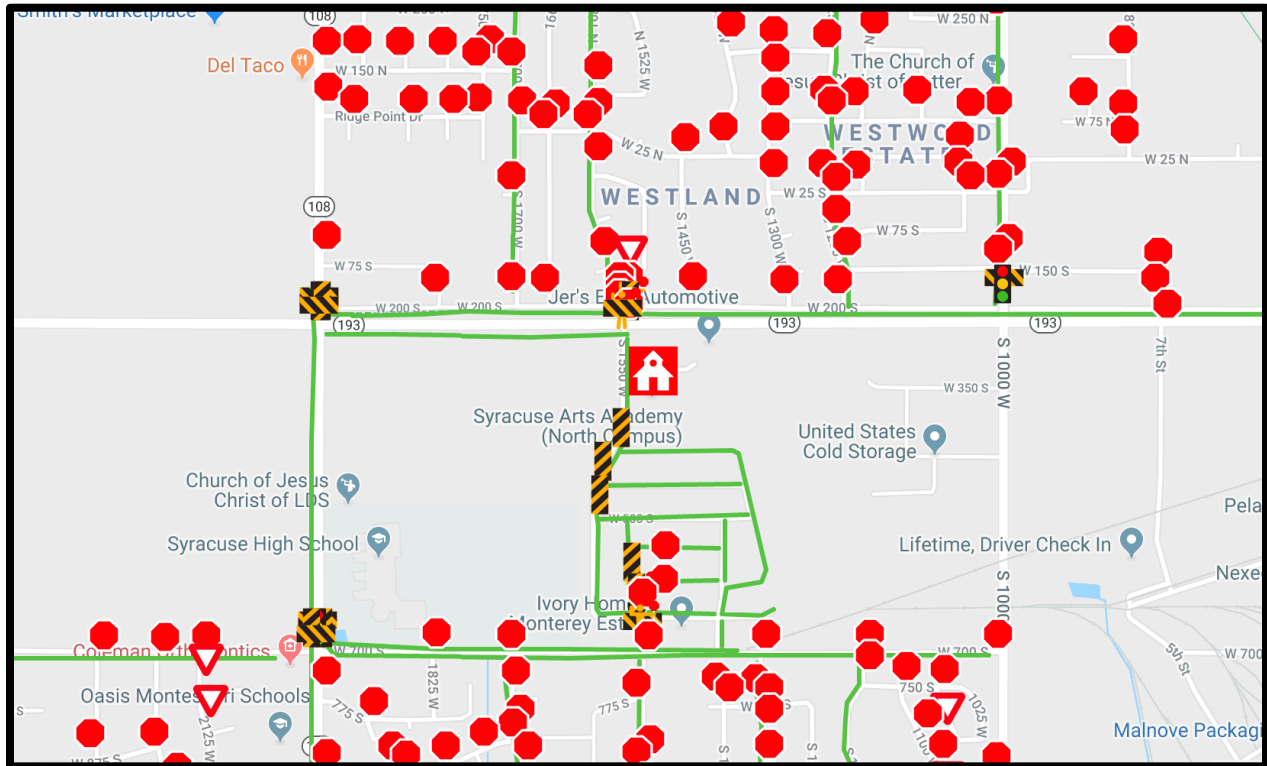

### **Overview**

It is estimated an average of 5-15% of students will walk or bike to and from school. Students that walk or bike are encouraged to follow the below maps outlined safe walking routes and always use the sidewalk.

Minus the traveling routes outlined above, the school advises against students walking or biking to and from school, especially during heavy traffic time periods on the roadway.

Note that the speed limit along Highway 193 is 50 mph around the school and the area is not a designated School Zone. Highway 193 is a high-speed, high-volume roadway where extra caution should be used.

These routes are for the immediate area around the Highway 193 North Campus of Syracuse Arts Academy and are not exhaustive. Please contact the school for additional information regarding safe traveling routes.
